

# Uganda Update

April 17, 2010

Team Uganda,

This is a heads up notice for your packing. We will be in the mountains of Uganda so the temperatures will be cooler than what we normally experience on our trips. It is advisable that you bring a light jacket, sweater, or sweatshirt for the evenings and make sure you have sufficient comfort for sleeping.

- The ladies will be in unheated (third world) hotel rooms. In these rooms I would still use my air mattress and my own sheets and pillow. Also a mosquito net/tent is a must.
- The men will more than likely sleep outside under a shelter roof. You will definitely need an air mattress and mosquito net/tent.
- Our recommendation for mosquito net/tent continues to be:  
<http://www.longroad.com/cgi-local/SoftCart.100.exe/?E+scstore>.

Most of you should receive your MREs shortly if you have not already. Do not forget to pack these in your checked luggage.

Serving God and Loving It,

Rick Williamson
